## REAL ESTATE TRANSACTIONS

Mrs. E. W. Bramble sold her residence and ninety-seven acres of land adjoining, located near Cynthiana, to Wade H. Lall, A. B. Harney, Luther Humphrey and Carl Musser, for \$75,000. This was formerly the Thos. J. Megibben home, one of the show places of Harrison county.

Henry Sladd sold to Tolle Young a private sale his farm of forty-seven acres, located on the Steele pike, near Paris, for \$375 an acre. The farm is well improved with residence, tobacco barns and other buildings. This purchase gives Mr. Young a farm of 395 acres, one of the finest farms in the county.

The 203-acre farm of Mr. N. H. Bayless, Sr., located on the Rudies Mills pike, near Paris, which was recently purchased by Charles D. Wilson and others, was resold Friday by them to Bourbon county parties for \$350 an acre. The farm was sold in three tracts. Mr. Wilson and his associates realized a profit of \$10,000 on the deal.

Auctioneer George D. Speakes rented Saturday at public auction in front of the court house for Judge H. Clay Howard, agent for Miss Letitia Clay, a farm of 307 4-10 acres, located on the Winchester pike, near Paris, for \$20.15 an acre, and Frank M. Clay, trustee for Jos. H. Clay, a tract of land near Escandida, to the present tenants, Webber & Fluty, of Clark county. Judge Howard, as agent for the heirs of George Clay, sold two small cottages at public auction, one located on Hanson street, to James McClure, for \$1,430, and one on Thomas avenue, to the same buyer, for \$1,120. The property was advertised in THE BOURBON NEWS.

## MODIFICATIONS MADE IN FUEL CLOSING ORDER.

The stringent instructions received some days ago from the headquarters of the National Fuel Administration regarding the conservation of fuel and lights, has been somewhat modified. All the stores in this city heretofore required to close at 4:00 p. m., in compliance with the orders, received notice Friday that they could keep open as long as they desired, provided they burned neither coal, gas or wood or used electric lights. The modification came in the shape of a telegram from Atlanta to Chief of Police Fred Link, who had asked for specific instructions on which to act with authority. The message was as follows:

"Answering your telegram have to say that groceries open at nine a. m. and close at six p. m., week days, and at nine on Saturdays. Fruit stores open at nine a. m. and close at four p. m. throughout the week. If stores wish to stay open after specified closing time they may do so, but must not use any light or heat generated from wood, coal, coke, or gas. They may use kerosene lamps and kerosene stoves." This order will result in great benefit to the merchants as the holiday season draws nearer and nearer. Many are already extending hours, and have installed coal oil lamps and even candles. Merchants may thus be enabled to meet the requirements of the order and to give full attention to their Christmas trade without fear of loss, and with only a little inconvenience that will be soon forgotten in the nature of things as they are.

## THE PARIS TOBACCO MARKET

With all Burley price records soaring beyond those of the past season on the Paris markets a new fact became firmly established, that a new era had been reached in the history of the tobacco growing industry in this county, and that the Bourbon county growers are coming into their own, coming, it might be added, in a right royal fashion, with the present prices in mind and the possibilities of the season yet to be realized.

Early predictions of high prices have been more than realized, and the tobacco growers are unanimous in predicting that this year the price level will be set higher than was ever dreamed of before, even by the most sanguine. Well-posted men called attention to the fact that the loose leaf sold on the floors of the local houses during the first days of the sales may be accepted as entirely representative of the offerings for the season. Taking into consideration this fact it is safe to assert that the market is gaining in strength steadily, and that the Paris market will continue to be, as it has been in the past, one of the best in Central Kentucky. Interest in the markets was in evidence yesterday to a greater degree than ever, when the opening of the sales for the day found a large crowd of growers, handlers, brokers, buyers and spectators on hand. The receipts were large, all roads leading to Paris having their quota of heavily-loaded wagons destined for yesterday's sales.

At the Paris House of the Bourbon Warehouse Company yesterday, Jos. A. Farris, of near Millersburg, sold a crop of tobacco raised on a plot of one and one-half acres, a total of 2,100 pounds, which netted him eighty cents a pound, or a total of \$1,680 for the entire crop.

Another good sale was recorded when Lou Taylor sold a crop for seventy-nine cents a pound. This crop was raised in two paddocks where years ago Turney Bros. crack thoroughbreds, Horron and Waterbass, tossed their heels in playful abandon, and where they were partly trained.

Prices ruled high again at the local warehouses when the sales were resumed Friday morning. The offerings were not large, but were representative in character. The tone of the market was strong and generally satisfactory. Receipts for the succeeding days were good and prospects for high prices continue good.

The Bourbon Tobacco Warehouse sold a total of 33,980 pounds of tobacco for an average of \$59.69. The Independent House sold 45,000 pounds for an average of \$60.06. Lou Taylor sold a crop of 4,370 pounds raised on a 3 1/4-acre feed lot, for an average of \$72.27. One of the features of the day was the sale of a crop of 375 pounds, raised in a garden by Miss Margaret Allen, daughter of Sanford M. Allen, Cashier of the Millersburg Farmers' Bank. This crop, sold at the Bourbon Tobacco Warehouse sold for an average of \$82.32. Dodge Bros. & Bills sold a crop of 3,300 pounds at the Paris Warehouse for an average of \$85.33.

Some of the crop averages realized at the Bourbon Warehouse sale Friday, were as follows:

L. C. Owens, who recently bought the Silas E. Bedford farm of 396 acres on the Ford's Mill pike, sold privately to Bush Bishop 25,000 pounds of tobacco grown on a tract of sixteen acres, for 65 cents a pound. Since tobacco prices have ruled so high, Mr. Owens has refused an offer of \$400 an acre for his farm.

At the sale held at the Central House, in Lexington, Friday, Albert Johnson, of Bourbon county sold his crop of 2,035 pounds for an average of \$69.92. Very little Bourbon county tobacco has so far been sold on the other markets. The growers seem to be satisfied with the good prices realized on the local markets, now taking high rank.

The record price of the season was attained at yesterday's sale at the Bourbon Tobacco Warehouse Co.'s Paris warehouse, and the faces of the management wore that glad smile that won't come off. The Paris Warehouse sold at that sale 113,966 pounds of tobacco for a money value of \$71,884.77, an average of \$63.08. The quality of the offerings was good and the market strong. A crop of 2,320 pounds, raised by Dodge Bros. & Mattox, brought an average of \$91.91. Some of the best crop averages follow:

J. T. Cleaver, 2,475 pounds, average \$62.31.  
Ed. Prichard & Downing, 6,550 pounds, average \$89.04.  
Dodge Bros. & Mattox, 2,320 pounds, average \$91.91.  
Dodge & Mattox, 4,580 pounds, average \$65.08.  
Kuster & Ravenscraft, 2,340 pounds, average \$65.64.  
George Nelson, 1,600 pounds, average \$72.53.  
Clay & Toohy, 9,610 pounds, average \$68.88.  
J. A. Farris, 2,175 pounds, average \$75.49.  
Jameson & Hughes, 1,290 pounds, average \$64.10.  
Lambert & Ferguson, 4,085 pounds, average \$68.48.  
Allen Aldridge & Co., 12,430 pounds, average \$72.56.  
Calvert & Leggett, 3,330 pounds, average \$63.71.  
Burris & Medlin, 3,620 pounds,

## L. & N. DISCONTINUES PASSENGER TRAINS.

As a result of the general upheaval all over the county occasioned by the coal miners' strike and kindred causes the passenger train service on this division of the Louisville & Nashville railroad of the city and Nashville railroad has been considerably curtailed.

Assistant Superintendent James Metcalfe, Jr., of Paris, was instructed by the Federal manager at Louisville to discontinue the following passenger trains:

Effective at 12:31 a. m., Tuesday December 9, the operation of trains 151 and 156, running between Cynthiana and Winchester, and trains 9 and 10, running daily except Sunday between Paris and Maysville, will be discontinued until further notice. Due notice of their reinstatement will be made through the local papers.

The discontinuance of these trains will greatly inconvenience the traveling public, especially salesmen and school children, but there is no remedy.

At a meeting of the Paris Tobacco Board of Trade the following officers and committees were selected to serve during the present season:

President, J. M. Sturgeon, of the American Tobacco Co., secretary-treasurer, Jeff L. Denton, of the Bourbon Tobacco Warehouse Co.; directors, J. M. Sturgeon, Dan W. Peed, of the New Independent Tobacco Warehouse Co.; John T. Collins and Edward Burke, of the Bourbon Tobacco Warehouse Co.; E. W. Glass, of the Liggett & Myers Tobacco Co.; S. K. Nichols and J. T. Glasgow, of the J. P. Taylor Tobacco Co.; Sales Committee, Dan W. Peed, Edward Burke and Harry Drake, of the R. J. Reynolds Tobacco Co.; Arbitration Committee, Chas. C. Clarke, John T. Collins, J. T. Glasgow, Earl Curtis, of the G. O. Tuck Co., and J. M. Sturgeon.

The Richmond Register, in commenting on the opening of the tobacco sales there, has the following reference to a former Paris man.

"The Madison House sale started Thursday afternoon, and even though everybody worked like troopers, they were back on the job Friday morning. The ever popular Percy Reid is letting no tobacco get past him. He is working hard for the old Madison House, and load after load is being driven into the shed at this popular house."

## A NEAR REVERSION TO NOAH'S TIME.

Incessant rains in this section from midnight Friday until late Saturday night, made the flood of Noah's time assume the proportions of a piker. All records for rainfall in December were smashed when the Lexington weather observer announced that the amount far exceeded at the three-inch mark. The previous record for rainfall during twenty-four hours in December was 2.5 inches.

The heavy downpour had a serious effect on Saturday trade and practically reduced the merchants' business to a minimum. All the streams in the county were above flood stage. Reports received told of considerable damage in lowland districts and in hilly places where the land was badly washed. The floods interfered slightly with the schedule of the Paris-Lexington interurban cars.

#### OBEY THE FUEL ORDER

We have heard a good deal of complaint about the new order restricting the use of fuel, especially by those who burn gas. While primarily the order is to save coal, now every scarce, due to the unconscionable strike of the miners, it must be remembered that the government is endeavoring to be fair to all classes. It would not be right to allow one merchant, who burns gas, to keep his place of business open during the hours his competitor, who burns coal, is required to be closed. All these rules are intended to apply to a large area. In some instances an injustice is often worked, yet in the main they are fair and just to all. Those in authority feel they are necessary and as good citizens we should obey them.

This strike must be won by the people. The mine operators have offered to increase the pay of the miners fourteen per cent. This is the sum the government experts say they are entitled to and when the miners refuse it, as they have done, simply because they think winter being on, the people can be coerced into accepting their terms, then we say at all hazards and regardless of sacrifices we must not yield. No minority, whether a labor union, or any other class, should be permitted to exact unjust terms from all the people. The way to defeat them quickly is for all the people to stand together and religiously obey all regulations of our government.

The coldest place on earth inhabited by man is Verkhoyansk, above the arctic circle, in northeastern Siberia. #### SUIT FILED AGAINST MAN IN JAIL

J. M. Scott, of Paris, filed suit in the office of Circuit Clerk W. H. Webb against H. R. Baker, seeking to recover the sum of \$564, alleged to be part value of an automobile sold by him to Baker.

The petition alleges that Baker traded the auto to a Lexington firm who sold it. It alleges that Baker was to pay for the machine in monthly installments of \$20, but had failed to do so before disposing of the machine.

Baker, who was arrested in Louisville some days ago and returned to Paris, was given an examining trial and held to the grand jury in the sum of \$100. He was prepared to give cash bail, but, learning of other warrants from surrounding towns, which were ready to be served upon him, decided to remain in the Paris jail and take chances with the March term of Court.

# PUBLIC SALE

Auction of Mason County Farm on the Premises at 2 O'clock Rain or Shine

**Monday, Dec. 15, 1919**  
**OF 208 ACRES OF LAND**

With one set of improvements to close up the estate of the late Wood Bramel and divide the proceeds among the heirs at law.

I will offer at auction in three separate parcels and then as a whole the 208-acre tract of land in the Lewisburg precinct about 10 miles from Maysville. 180 acres in bluegrass, 3 acres of timber, oak, ash and walnut. 25 acres that was in corn and tobacco this year. This land is limestone soil with a clay subsoil, and is well watered. Has a large 10-room house, large double corn crib, 1 5-bent tobacco barn, and 1 good stock barn.

Said farm has been in possession of the Bramel heirs for over sixty years and has been largely used as a stock farm, therefore a portion of same is virgin soil. All of this land will grow tobacco. While there is one tobacco barn on it there is enough timber on the place to build several barns and another house or two if such is desired. All you have to do is to cut down the trees, have your saw mill pull in and cut out what you want in the way of lumber, tobacco sticks or clapboards. Should you wish to continue the raising of stock you have 180 acres of bluegrass to start with.

In case of rain or snow we will make arrangements to hold the sale in the tobacco barn, as this land is bound to be SOLD, Rain or Shine. Out-of-town bidders that come to Maysville, can come to No. 209 Market Street to M. F. & D. B. Coughlin, Real Estate Office, and get information they are looking for.

## PUBLIC INTEREST DICTATES SANE TREATMENT OF UTIL- ITY COMPANIES

Figures of the Federal Reserve Board show that the average price of commodities increased 104 per cent. during the war. Wages, too, advanced, so that in practically every line of industry employers and employees are now receiving greater compensation than ever before.

A conspicuous exception to this, however, is the public utility companies upon which the public is dependent for light, heat, telephone, water and transportation. While the cost of bituminous coal has increased 86 per cent. all other products they use almost in the same proportion, and wages of employees nearly as much, an attempt has been made in some instances to hold these essential companies to pre-war rates.

The public has a tremendous stake in these corporations, not merely because they employ thousands of men, and their securities represent the savings of men, and their securities represent the savings of thousands of small investors, but because the business and social life of every community centers around them. These companies must be treated sanely and scientifically. It is to the interest of every business man to see that any misstatements made by demagogic politicians or others who do not have the public's interests at heart, should be promptly questioned. "Where do you get your facts?" should be the question immediately asked of anyone who purports to talk upon matters so vital to the interests of every citizen of the State. (adv-1t)

Why worry about what to buy for a Christmas gift. You need a gas heater any way. Buy one for mother's Christmas gift. The whole family will enjoy and get the benefit of it, too. When it comes to heaters, an Ironton settles the argument. We have a large stock of all sizes.

## FORMER PARISIAN "BIG MAN" IN NEW YORK.

From the province of Paris, Kentucky, to high fame in the business circles of the metropolis of New York, stamps Frederick A. Wallis, a former Parisian, as one of the really big business men of the country.

In addition to his duties as Fourth Deputy Police Commissioner of New York, Mr. Wallis finds ample time in which to help other interests.

Mayor E. B. January showed us a copy of the Thanksgiving Celebration Program of the People's Liberty Chorus of New York City, held at The Hippodrome. Mr. Wallis was Vice-Chairman of the meeting, and chairman of the Executive Committee, also presiding officer at the celebration, which was said to have been one of the biggest events given in New York for many years. The members of the American Legion were honor guests of the Chorus on this occasion. The Chorus comprised five hundred voices and was under the personal direction of Signor L. Camilleri.

### MATRIMONIAL.

WILSON—CHAPPEL.

The marriage of Miss Mary Lee Wilson, of Waynesburg, Ky., and Mr. Yancey Chappel, of Paris, took place in Covington, Saturday afternoon. They were accompanied by Mr. Chappel's mother, Mrs. Claude Chappel, of Paris. The bride wore a traveling gown of blue broadcloth with hat to match, and her bouquet was of white roses.

Mr. Chappel holds a position in the employ of the Louisville & Nashville at Covington. The bride is a daughter of Mr. James W. Wilson, a prominent farmer of Waynesburg. She is a graduate of the Fugazzi Business School in Lexington, and is well-known here and to many from this city who have been attending the same institution. Mr. and Mrs. Chappel have gone to house-keeping in a home in Covington that had been prepared for their coming. The many friends here of the young people wish them unalloyed happiness in their married life.

DANIELS—KELLER.

The engagement of Mrs. Edith Myall Daniels, of this city and Mr. Irvine Moss Keller, of New York, which was announced publicly early in the fall, will culminate in their marriage, which will be quietly celebrated at the home of the bride-elect's parents, Mr. and Mrs. William Myall, at Main and Eleventh streets, in this city, on Saturday, January 10. Only relatives of the parties will be present to witness the ceremony.

The bride-elect is one of the most charming young women of the city, a social favorite, and the only daughter of the household. The prospective groom is a son of Mrs. Callie Keller, and the late Mr. Alex Keller, of Paris. He is a rising young business man of the metropolis, having recently been promoted from the Chicago office of a large brokerage firm to the management of their New York office. Friends of the young people are extending congratulations and good wishes in advance of the happy event that will unite their lives in one.

BLANTON—BUCKNER.

A wedding in which the principals are both well-known in Paris, will take place in Richmond tomorrow afternoon at five o'clock, when Mr. Ben F. Buckner, of Paris, and Miss Elizabeth Blanton, of Richmond, will be united in marriage. On account of a recent bereavement in the family of the bride-elect, the wedding, which will take place at her home, will be a very quiet affair.

The groom is a member of one of Bourbon's most honored families and is at present manager of the fine country estate, Xalapa Farm, of Edward Simms, on the North Middletown pike. The bride-elect is the daughter of Mr. Edgar Blanton, of Richmond, a granddaughter of the late Rev. L. H. Blanton, for many years pastor of the Paris Presbyterian church, and a niece of Mrs. E. M. Dickson, of Paris. She is truly representative of the beauty and culture of the Bluegrass section, possessed of a personal charm and winsomeness and a pleasing personality that has endeared her to a host of friends and acquaintances. She has been a frequent visitor in Paris, where she is greatly admired for her personal charm. THE NEWS congratulates both Mr. Buckner and Miss Blanton on the coming happy event in their lives.

SNAPP—HOLLIMAN.

A surprise wedding that will be of especial interest to friends of the bride in this city took place in Lexington, Sunday afternoon, when Miss Gladys Snapp, of Paris, became the ceremony Mr. and Mrs. Holman, of Detroit, Michigan.

The romance began over a year ago when the groom and bride were both students at the University of Kentucky. Both were pursuing special courses of study along same lines, and the intimacy thus formed ripened into love culminating in the wedding Sunday.

The ceremony was performed at the parsonage of the Epworth Methodist church, on Rand avenue, by the pastor, Rev. Taylor McIntyre. The attendants were Mrs. Elbridge Snapp, Mr. Denis Snapp, brother of the bride, and Miss Edna Snapp, sister of the bride, all of Paris. After the ceremony Mr. and Mrs. Holliman left for a short bridal trip, after which they will be "at home" to their friends at 340 Tumbull avenue, in Detroit.

Mr. Holliman is a native of Georgia, and a graduate of the University of Kentucky, where he won high honors. He enlisted in the 46th Coast Artillery during the world-war, and after spending seven months on the Texan-Mexican border, was sent to France, where he saw eight months' active service as wireless operator. Upon being discharged from the service he was given a fine position with a large manufacturing concern in Detroit, where he has proved capable and efficient and is highly esteemed. The bride is a daughter of Mrs. Alice Snapp, and sister of Mr. Dennis V. Snapp and Dr. Elbridge Snapp, all of Paris. She has held the position of private secretary to her brother, Mr. Dennis V. Snapp, Field Secretary of the Epworth League work in this State. She possesses a charming and attractive personality, and has a host of warm friends here who wish her a prosperous and happy married life.

### LOCAL MUSIC LOVERS PRAISE "ROBIN HOOD."

In discussing the coming of "Robin Hood" with one of Paris' best known musicians the latter said: "I am delighted that we are to have a really first-class performance of 'Robin Hood.' The opera is a continuous outpour of wonderfully beautiful music, the kind which is remembered and sung. The beauties of 'O Promise Me' have added the artistic touch at myriads of wedding scenes and 'Brown October Ale' with its rousing chorus is one of the finest ensembles ever written. The 'Armourer's Song' is perhaps the best loved of bravura songs, and sung as it is in 'Robin Hood' by a flaming forge, the sparks flying from the ringing anvil, its stirring theme is never forgotten. My experience in hearing 'Robin Hood' was that I was completely charmed by its wealth of beauty, the absolute cleanliness of its theme, and its clever run. I am sure that hearing it again will be the delight which I am anticipating, for the company which is coming has undoubtedly won high favor."

At the Grand Opera House to-night.

### WORLD FAMOUS WILLIAMS SINGERS AT PARIS HIGH SCHOOL

We have been fortunate enough to arrange a date with the above mentioned singers for the music lovers of Paris, on Wednesday, Dec. 10, at the auditorium of the Paris High School.

Last season a large crowd of white and colored people heard these famous singers, a great effort being made to induce them to stay over for a second night's performance. Failing in that a date was arranged for this season.

A section of the auditorium will be reserved for the white people who may wish to hear these specialists in music.

Tickets are now on sale and will be delivered to any who will call us over East Tenn. Phones 754 or 339. They may be secured at the door the night of the singing.

Doors open at 7 o'clock p. m. Performance begins at 8 o'clock p. m. General Admission 50c; children under 13 years of age 25c.

F. M. WOOD, Director.

## THOROUGHBREDS PROVE STRONGER

GREAT WAR TAUGHT IMPORT-  
ANCE OF BREEDING OF  
HORSES.

### RACING ENCOURAGED ABROAD

Nations Who Bore Brunt of Conflict  
Maintained the Sport as Much as  
Possible as Matter of Sound Policy  
in its Relation to National Defense.

At no time in the course of the last five years, not even while the great war was at its height, did the Central Empires stop the racing of thoroughbred horses. The great tracks at Hamburg, Buda Pest, Vienna and Berlin were the scenes of brilliant gatherings, even when the Grand Duke Nicholas was threatening East Prussia with invasion and Brusilov was on the edge of the plains of Hungary with his wild Cossack riders. At no time during the course of the great war were American and English trainers and jockeys, who had been caught by the declaration of war in Germany and Austria-Hungary and were unable to obtain passports, interned. They were permitted by governments their governments were seeking to destroy to pursue their accustomed callings unmolested and unrestrained.

To a certain extent racing was curtailed in Great Britain during the first two years of the great war. The use of the famous Epsom Downs course as a resting place for convalescing soldiers necessitated the running of the famous British Derby at Newmarket in 1914, 1915, 1916, 1917 and 1918. The preoccupation of the sportsmen of Great Britain in the business of war caused them, to a certain extent, to neglect the thoroughbred sales of 1915, 1916 and 1917, and Americans were enabled to slip in and buy up a lot of first-class stallions and mares with which to enrich the American thoroughbred industry.

#### France Alone Stops Racing.

Of the great nations participating in the great war, France alone felt the necessity of stopping horse racing. Threatened with utter destruction in a flood of Teutonic barbarism, France had to send to the fighting lines on the Marne, the Somme, the Aisne about Verdun, in the Vosges, every male Frenchman capable of bearing arms. Back of the fighting lines she had to mobilize the elderly men with the women and children for the imperative work of making munitions. Upon France alone fell the burden of resisting the German tide for upward of two years. Throughout the course of the war speed tests were held at the great French tracks, but not as public spectacles. But there was no letting down of the bars as regards the exportation from France of thoroughbred blood any time during the war. As a special consideration citizens of the United States, a country from which the French, from the very beginning of the war, were drawing enormous quantities of military material, who had thoroughbred studs in France, such men as John Sanford, of Amsterdam, Major August Belmont, Joseph E. Widener and Thomas P. Thorne, were permitted, when transportation was available, to ship to the United States a limited number of thoroughbred yearlings. No matured thoroughbred stallions or mares were allowed to leave the country, whether their owners were Frenchmen or outsiders.

With the signing of the armistice France and England resumed racing with characteristic enthusiasm. The attendance at the race tracks about Paris has been greater this season than in any for the period of half a dozen years preceding the outbreak of the great war. The crowds that witnessed the running of the Derby, the Oaks, the Ascot Gold Cup, the Leger, etc., in Great Britain, were greater by the thousands than the greatest of ante-bellum race track gatherings.

#### Sport Encouraged in Europe.

In France and Great Britain the patronage of horse racing, by the public, has the highest government encouragement now as the support of racing had in Germany and Austria-Hungary even through the dark months when human beings were finding it difficult to obtain nourishing food. France and England recognize today as Germany and Austria-Hungary have for many days the indispensibility of thoroughbred blood to national defense and necessity of thoroughbred horse racing for the maintenance at its highest efficiency of thoroughbred blood.

For upward of seventy years previous to the beginning of the great war the military governments of continental Europe had been maintaining thoroughbred studs for the production of military horses, an earlier century of experimentation having demonstrated to the satisfaction of experts that it was the horse that boasted of the greatest proportion of thoroughbred blood that showed the highest efficiency in military service, whether as a trooper's mount, an artillery horse or a part of the transport service. The great war had not progressed two years before British and French specialists discovered that the life of the pure thoroughbred under the grueling

conditions of war, independently of casualties, was twenty-five days, while that of the three-quarter bred was 20 to 22, of the half bred 17, of the trotter 14 and of the lesser breeds of horses of no particular breed 5 to 7.

#### English Learn Their Lesson.

Previous to the war of the nations the British government had left the production of horses for the army to private enterprise. The British had merely muddled along, as is their habit in most things. The difficulty the war office experienced in equipping with suitable horses the cavalry, transport and artillery services of the tremendous armies that were being assembled in France in 1916 and 1917, under Haig, convinced the rulers of the British Empire that the old haphazard scheme would not answer in future. The British Parliament was therefore constrained to accept the 1917 Major Hall Walker's generous offer of his entire thoroughbred stud as the nucleus of a great Imperial Military Horse Breeding establishment and to employ Lord Londale to manage and race the produce of that establishment on the tracks of Great Britain for purposes of elimination as the Imperial German government had employed various scions of German royalty to race the produce of the national studs of Graditz and Trecken for thirty-five or forty years before the outbreak of the great war.

The munificence of Major Walker's gift to his country will be understood when it is realized that his stud had been taxed on a valuation of upward of \$5,000,000. Now that the war is over Parliament is beginning to appropriate vast sums annually for the maintenance of this Imperial horse breeding establishment after the manner such establishments had been maintained in France, Germany, Austria-Hungary and Italy for half a century before the German invasion of Belgium. To promote the quick production of quantities of horses of thoroughbred, three-quarterbred and half bred types, this establishment is preparing to give direct support to the Canadian National Bureau of Breeding, which was established some seven or eight years prior to 1914, and which supplied the Canadian and British forces with thousands of splendid half breeds, and to create subsidiary branches in Australia, New Zealand, South Africa and India.—Adv.

#### Provide Playground.

The truly normal, mischief-loving youngster (and all healthy children are both) simply cannot live without play. If this is denied him he will droop like a flower transplanted into unhealthy soil. However, if he finds it difficult to keep on friendly terms with his small neighbors his mother must see to it that he has his own playground at home. It won't cost much to fit up such a fairyland, and it will prove an investment that will pay back undreamed of returns.—New York Evening Telegram.

#### DON'T DELAY

Some Paris People Have Learned  
That Neglect is Dangerous

The slightest symptoms of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment. Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Endorsed at home. Read Paris testimony.

### THE PAPER FAMINE

The American public is so busily engaged in a consideration of its own hardships—the high cost of living and the problems incidental to it, that it has small time and has taken but little cognizance of the paper famine now threatening the country. The public is more concerned with the sugar shortage than the paper one, yet were the daily paper to suddenly stop being delivered at the public's door every day, a howl as great as that accompanying the sugar famine would go up.

Six, seven and eight cents per pound is now being paid by the press of the country for paper that formerly cost two to three cents per pound. This shortage is everywhere; it is not alone the country and small town papers which feel it; the great city publications are in the same hole, and up against the same problem. Every effort is being made by the press to conserve the supply; whenever possible the size is being cut down. The Chicago Tribune is advocating a conservation in

the supply by cutting down in size, and many other great dailies are following suit.

A New York paper recently came out with the statement that it was forced to omit about forty columns of advertising, with a corresponding loss of in the neighborhood of \$5,000. There is no telling where this famine will stop, and meanwhile a patient press is continuing to serve its clients with the situation becoming more acute every day.

### SPLENDID COUGH MEDICINE

"As I feel that every family should know what a splendid medicine Chamberlain's Cough Remedy is, I am only too pleased to relate my experience and only wish that I had known of its merits years ago," writes Mrs. Clay Fry, Ferguson Station, Mo. "I give it to my children when they show the slightest symptoms of being croupy, and when I have a cough or cold on the lungs a very few doses will relieve me, and by taking it for a few days I soon get rid of the cold."

### DOG IN LIMELIGHT AS PRODUCER OF REVENUE

Man's best friend, the humble dog, has sprung into the limelight as a revenue producer, for during eight months of this year \$261,864.80 was collected in dog taxes. When the assessment rolls were made out county assessors reported 179,128 dogs for taxation, but figures in the Department of Agriculture show that up to November 1 licenses were paid on 217,764 dogs. During the same months 9,301 were impounded and 8,452 killed.

You will find the management of any successful institution taking council with their employees, following their advice and profiting by their reports of conditions.

### WHY IS ILL HEALTH?

Many Causes For a Run-Down Condition

One of the Most Common is Anemia (General Bloodlessness)

"Ill health" is a relative term. Some individuals are terribly and seriously ill, and need the services of the best doctor obtainable. Others are not so seriously affected.

If your ill health is a result of weak, watery blood (an exceedingly common condition) you can recognize it by the following signs or symptoms:

- 1—Poor color or real paleness.
- 2—"Tired-outness" or general weakness.
- 3—Frequent headaches.
- 4—Loss of appetite.
- 5—Lack of spirits and ambition.
- 6—Loss of bodily strength.

The best remedy is one that will overcome the cause—Anemia or Bloodlessness. "Gude's" Pepto-Mangan for this purpose. It supplies the weak, watery blood with the very elements it needs to put new life into the vital fluid (the blood) which carries the good one gets from one's food to all parts of the rundown body, the fountain and foundation of health and life. Try Pepto-Mangan if you are "run-down." It cannot harm you—it will certainly help you unless you have some deep-seated chronic disease requiring the physician's care. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. For sale at all druggists. (adv)

Self-reliance must not be interpreted as meaning that a man must absolutely rely upon himself only.

### CANTRILL GIVES OUT BURLEY CROP FIGURES.

WASHINGTON, December 8.—1919.—Congressman J. C. Cantrill has given out the following interview relative to the stocks of Burley tobacco in the hands of manufacturers and dealers:

"As the market on Burley tobacco will shortly open in Kentucky, a statement of the stocks of Burley in the hands of dealers and manufacturers will be of interest to the tobacco growers and to the tobacco trade generally.

"The Cantrill Tobacco Census Law has been in operation now for eight years and reports made under this law show that during the past eight years the manufacturers of Burley tobacco have been consuming this type as fast as the Burley growers could produce it. The following figures issued by the Government under the Cantrill Tobacco Law will bear out this statement:

"In 1912 when the law first went into effect there were in the hands of the dealers and manufacturers, in round number 215,000,000 pounds of Burley tobacco on October 1st, and the following amounts on October 1st for the various years, were in the hands of the dealers and manufacturers for the years given, and the figures given in round numbers:

Year 1913	225,000,000 lbs
Year 1914	203,000,000 lbs
Year 1915	249,000,000 lbs
Year 1916	199,000,000 lbs
Year 1917	207,000,000 lbs
Year 1918	190,000,000 lbs
Oct. 1, 1919	229,000,000 lbs

"It is well known that the crop of tobacco grown in the year 1918 was an unusually large crop of Burley tobacco, and yet on October 1, 1919, the stocks in the hands of the dealers and manufacturers are practically the same as the average amount during the past eight years. It is also well known to everyone conversant with conditions in the Burley tobacco District that the crop grown this year is an unusually short crop of tobacco, and applying the law of supply and demand, there is every reason to believe that there will be an unusual demand for the crop of tobacco which will go on to the market very shortly, and there is every reason why, owing to the scarcity of Burley tobacco and the stocks in the hands of the manufacturers and dealers, the crop which is to be sold this winter of Burley tobacco should bring a higher price than ever in the history of the tobacco market. The figures given above are indisputable in establishing the fact that during the past eight years the manufacturers and dealers have been using our Burley tobacco just as fast as the growers could produce it. All of the other tobacco markets in the United States have been higher this year than ever before in the history of those markets on other types of tobacco, and with the small amount in the hands of manufacturers and dealers as shown by the Cantrill Tobacco Census Law and the extremely short crop which was grown during the past season, would make it appear from every reasonable standpoint that the price of tobacco this year on the Burley type should break all previous records."

## MILLERSBURG

—All kinds of woolen and silk wear, in the way of clothing, carpets and rugs, cleaned and pressed. Call on R. M. Caldwell for particulars. Agent for Levy, the Dry Cleaner, Paris.

The house on the Millersburg Military Institute campus, occupied by Capt. Thos. K. Smith and wife, and cadets, was damaged by fire and water Friday. The fire originated from burning coal falling from an open grate on a heavy rug. Cadets extinguished the fire before the fire company arrived. The house was recently purchased from heirs of the late Thomas Savage.

—Mrs. Adron Palmer Chanslor, aged about seventy-three, died Saturday at 7:00 a. m., after a brief illness of acute inflammation of the stomach and bowels. Mrs. Chanslor has been in failing health for some time, but her condition was not thought to be serious. Everything was done for her that medical skill could do, but she continued to grow worse from that time until the end. Mrs. Chanslor was formerly Miss Adron Palmer, and was born in Mayslick, Ky., in January, 1847. In 1871 she was united in marriage to Mr. Robert Coleman Chanslor. On the same day Mr. Chanslor's sister, Miss Francis Elizabeth Chanslor, was united in marriage to Mr. Alfred C. Ball. Immediately after the marriage of Mr. and Mrs. Chanslor, they went to Texas, where they remained for several years, later returning to Sardis, Ky., where they resided for a few years. They came back to Millersburg, and, with the exception of a short time, when they resided at Lair Station, the remainder of these two good lives were spent in and around Millersburg. Their union was blessed with three children, one daughter, Mrs. E. M. Thomason, of Millersburg, and two sons, Mr. C. C. Chanslor, of Millersburg, and a little son, Alfred Chanslor, who died in infancy. Mrs. Chanslor was a devout Christian woman all during her long life, when but a child she united with the Baptist church, at Mayslick. After her marriage she went into the Methodist church with her husband. Her's was a quiet, unassuming life, true and thoughtful of her friends and especially kind in sickness and trouble. She was devoted to her children, a loyal and loving wife, a true friend, and a benefactor to every good and worthy cause. She is survived by her son and daughter, Mr. C. C. Chanslor, and Mrs. E. M. Thomason, her husband having preceded her to the grave several years ago. She is also survived by one sister, Miss Elizabeth Palmer, of Flemingsburg. The funeral was held Sunday at 2:30 p. m., at her late residence on Eighth street, with services conducted by her pastor, Rev. Adams, of the Methodist church, assisted by Dr. C. C. Fisher, President of the M. C. Interment on the family lot, by the side of her husband and little son, in the Millersburg Cemetery.

## VICTORY VAUDEVILLE BIG LOCAL TALENT EVENT

Paris has a treat in store Thursday, when about seventy local people will appear under the auspices of the K. P's in a big home talent entertainment, the Victory Vaudeville, which, as its name implies, will offer a bill of variety to please everyone and all kinds of taste. The best musical, dramatic and minstrel talent in Paris has been secured, and they will be assisted by Roy Innis, professional, and Fred Basset, well known here, will put on one of his side-splitting acts. Opening with a short military minstrel, the bill of the finest kind, full of charming specialties and sketches, and concluding with an allegory, "America First." A special feature will be Innis, in scenes from Grand Opera. He has an unusual double voice, a baritone and a marvelous operatic soprano, and with the latter voice he will sing "Mme. Butterfly" and "Carmen," in costume. All in all it is a fine show, and promises to be the hit of the season. It is given under the auspices of the K. P. Lodge for the benefit of their endowment fund.

A two-story frame house on Eighth street, occupied by Mrs. Mary Mason, colored, was totally destroyed by fire Friday night, with a resulting property loss of about \$1,700. The fire originated from a defective flue. Mrs. Mason, who was attending church nearby lost all her household goods. The house belonged to Mrs. A. J. Winters, and was partly insured. Lewis could not remember where or how he got it, and was sent to jail to refresh his memory. When again brought before the Court his memory as to location and other details of the transaction was still hazy, and he was again remanded to the custody of Jailer Tom Taul until he decided to tell the source of his supply.

## BUSINESS MAN WOULD REFUSE OFFER OF \$500

Mattingly Declares Trutona's Benefits Worth More Than That Amount to Him.

LOUISVILLE, KY., December 8.—"I believe I would have died had it not been for Trutona, but now I feel good all over—just like a boy again and I wouldn't take \$500 for my relief," W. B. Mattingly, a well-known and highly respected business man of Jeffersontown, near here, said recently.

"For the past twenty-three years," Mr. Mattingly continued, "I have suffered from kidney trouble, nervousness and catarrh of the stomach. I often suffered severely from pains in my back, chest and stomach. The little food I ate didn't agree with me and I was usually constipated."

"I can't discern the least sign of my former nervousness, since I've taken Trutona. My bowels are acting regularly now, too. It seems that everything I eat agrees with me. The pains in my back, chest and stomach have vanished and I'm not annoyed at night by my kidneys as before. Trutona is a real medicine and I'm glad to recommend and commend it to the public."

Trutona is especially beneficial for stomach, bowel and liver troubles, catarrhal complaints, nervousness, loss of appetite and the like and has proven a splendid reconstructive agency, system purifier and body invigorant.

Trutona, the perfect tonic, is now being introduced and explained in Paris at the Drug Store of G. S. Varden & Son.

## K. P.'S VICTORY VAUDEVILLE BIG EVENT DECEMBER 11

Paris is noted for the excellence of its local talent, and it has appeared to great advantage in recent productions, but never will it have a better opportunity to show its versatility than in the forthcoming Victory Vaudeville, which will be the season's leading event next week at the Grand Opera House.

Nearly fifty people will take part and there will be a big bill of music, dancing, comedy and sketches. A feature will be an opening thirty-minute minstrel, and the best minstrel talent for the end men. Another feature will be the appearance of Roy Innes, "the man with the marvelous double voice," who will give a beautiful scene from grand opera, appearing as "Carmen," "Madame Butterfly" and "Thais." The benefit is given for the K. of P. Orphan Home Fund.

## SPEARS & SONS WIN IN HEMP SUIT.

The Court of Appeals at Frankfort has affirmed the Circuit Court of Boyle county in the case of Caldwell vs. E. F. Spears & Sons, of Paris. The controversy in this case arose over a deal in hemp of several months ago, when Richard Cobb, who was the Danville representative of Spears & Sons, of Paris, claimed that he had purchased a certain crop or amount of hemp from J. C. Caldwell, Jr., of Boyle county, and there was a misunderstanding, out of which the above suit grew. Spears & Son won in the Circuit Court.

## INTERESTING OIL NOTES

The Mutual Oil Company, of Paris and Lexington, has purchased from A. W. Creekmore, of Lexington, 230 acres of land near Torrent, in Wolfe county, known as the Leah Bailey and John Cox leases. Active development of the territory will begin at once. President Bell, of the Mutual Company, will leave this week for Talladega, to make arrangements for a pipe line right of way from Talladega to the Wolfe-Magoffin oil pool.

## PARIS BOY IN MOVIES

In the cast of characters in "The Miracle Man," produced as a movie play at The Grand Wednesday night and last night was a former Paris boy, George McNamara, who took the character of the dope fiend. McNamara appears on the screen under the name of J. M. Dumont, which he assumed years ago when he began his stage career. McNamara is a brother of Clyde McNamara and Will McNamara, both former Parisians, and of Mrs. Wm. Carpenter, residing in Millersburg. Years ago he gained fame as a female impersonator and was later in the limelight as a dancer, doing a specialty turn on the big circuits with a professional dancer. Despite his changed appearance in the movie character, his many friends here readily recognized him. The part he takes in "The Miracle Man" is a very difficult one, but McNamara measures up fully to the requirements.
